SCIENCE MUSEUM PROPOSED FOR FORT WAYNE: FOLLOWING A BEGINNING IN THE EUREKA EXPRESS SCIENCE EXHIBIT, PLANNED AS A TRAVELING EXHIBIT, TALK OF ESTABLISHING A PERMANENT EXHIBIT WITH WORKING MODELS IN THE OLD CITY LIGHT PLANT, IS A POSSIBLE WELCOME USE FOR AN AGED AND NO LONGER VIABLE POWER PLANT.

MUCH OF THE EXISTING EQUIPMENT COULD BE INCLUDED IN THE INITIAL EXHIBIT. MUCH CLEANUP WOULD BE REQUIRED, BUT WITH THE MANY VOLUNTEER ORGANIZATIONS IN THE CITY INCLUDING RSVP, AND THE RECENT RESTORATION OF THE EMBASSY THEATER THIS PROJECT COULD BE ENTIRELY FEASIBLE.

WITH THE PAST HISTORY OF FORT WAYNE AS A WORLD CENTER FOR MANY INDUSTRIES THIS MUSEUM COULD WELL AUGMENT THE CURRENT MUSEUM IN THE OLD CITY HALL WHICH IS ORIENTED MORE TO THE SOCIAL BACKGROUND OF THE CITY. THIS WOULD PARALLEL THE CHICAGO CONCEPT OF THE ORIGINAL AND SEPARATE FIELD AND ROSENWALD MUSEUMS OF HISTORY AND SCIENCE.

IT WOULD SERVE AS AN EDUCATIONAL TOOL AND STIMULUS TO TOMORROW'S YOUTH IN THEIR VOCATIONAL DIRECTION. FORT WAYNE HAS BEEN VERY SUCCESSFUL IN ITS PAST TECHNICAL AND MANUFACTURING DIRECTION AND TO MAINTAIN THIS POSITION OR TO RECOVER SOME OF ITS PAST SUCCESS WE NEED THIS KIND OF PROMOTION AND GOAL SETTING VALUES TO ATTRACT AND IMPRESS TODAY'S AND TOMORROW'S YOUTH.
